CLEANING INSTRUCTIONS

Care Instruction:

We recommend washing the parts of the product that come into contact with food before first use. For ongoing care, clean the product after each use as follows: • Wooden parts should never be immersed in water. Clean them with a damp cloth using clean lukewarm water and neutral soap, then dry immediately. • Metal parts can be hand-washed with clean lukewarm water and neutral soap, followed by thorough drying. • Plastic parts can also be hand-washed with clean lukewarm water and mild soap, then dried. • Avoid using abrasive sponges, harsh detergents, pressure washers, or dishwashers! • After washing, store the product in a clean indoor environment, away from moisture and direct sunlight.

Varnished wood, granit, marble, aluminum

We recommend using a damp cloth. Do not use solvents, detergents or abrasives. Do not immerse in water, dry immediately after cleaning.

PE, porcelain, glass, satinated stainless steel, chromed steel and brass

All removable components can be washed in the dishwasher. If it is not removable, we recommend hand washing it with neutral detergent.

Swivel casters

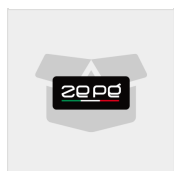

Hand washing with a soft cloth and neutral detergent is recommended. After washing the product must be dried.

From October 2025, until further notice, the 100 mm diameter silicone wheels are no longer available.

The price difference is minimal and does not require any changes to the price lists.

The trolley lines affected are **SMILE** and **EXPOO**, which will be equipped as standard with 100 mm wheels identical to those installed on the **ROMA**, **ANTIGRAFFIO**, and **GUERIDON** models.
